WILLIAMS' CELEBRATED WASHING COMPOUND.—The Manufacturer of this Compound has no hesitation in pronouncing it superior to any article of the kind ever before offered to the public.

It is entirely free from any substance that will injure the color or texture of the finest fabric, and is therefore particularly adapted to the washing of fancy articles.

For Linen, Cambric, Muslin, &c., it is unequalled, entirely removing all yellowness, thereby rendering the process of bleaching unnecessary.

As an article for Toilet use, it will be found very beneficial, also for Salt Rheum, Chapped Hands, or any Eruptions of the Skin.

ESTABLISHED SIX YEARS. PREPARED OR ARTIFICIAL GUANO.

At one cent per pound, or \$20 per ton of 2000 lbs.

At a meeting of the Farmer's Club, American Institute, New York, on the 16th December, 1851, the following communication was made:

I present a specimen of Turnips, raised on my place as usual season, which was (on account of the dry weather) an unfavorable one for Turnips. The specimen is not the largest grown, although this weighed, when first pulled, 4½ lbs. I used in the spring of 1850, about three barrels of prepared Guano, to the acre, and planted sweet corn, which produced a large crop. I then cropped with potatoes, which was also a good crop. After which I put in the Turnip seed, without any further Manuring, than the three barrels above mentioned, and the result was far beyond my expectations.

S. WHITING.

Fairfield Co., Dec. 12, 1851.

POTATOE ROT.

Westchester Co., N. Y.

I have used "Kentish's Prepared Guano" this season on potatoes. My crop was large and sound. Where I did not use it, the potatoes were all rotten and worthless. My neighbors, also, who have not used the Fertilizer, have not raised a saleable potatoe this year. I consider it a preventative of rot!

Sept. 29, 1850.

G. PREAUT.

[Extract of a letter from E. B. Addison.]

Alexander Co., Va., April 23, 1851.

Dr. John H. Bayne, President of Prince George's Co. Agricultural Society, Maryland, has desired me to inform you that he used African Guano, Poudrette, Peruvian Guano, and your Prepared Guano. The first two were distanced, but the result from the Peruvian and yours, was about equal. He pronounces your Prepared Guano to be a very excellent article, and esteems it highly.

FEMALE CHARITABLE SOCIETY OF NEWARK.

Organized 1803—50 years ago.

~~~~~

This Society was formed in 1803. The object of which was to assist all *worthy poor* females of this City, without denominational distinction, who are of good character and standing, and in need of assistance. An annual sermon has been preached by some one of our Clergymen, and a collection taken in aid of the Society, which together with donations from other sources, has enabled the Society to *ameliorate* the condition of thousands of suffering poor in this City.

The total amount received from November 14, 1851, to November 14, 1852, was       -       -       -       -       \$645 57

Whole amount expended in the same time       -       538 00  
And the number of families assisted (more or less)       335

The last annual sermon was preached the 20th of February 1853, in which the claims of the Society were ably, feelingly and forcibly presented by Rev. J. Few Smith, in the First Presbyterian Church on Sunday Evening.

Amount of Collection       -       -       -       -       144 53

## PROGRESSIVE GROWTH OF OUR CITY.

The following table shows the growth of our population during the last thirty years; in which period it appears to have nearly quadrupled—and that too by those regular gradations that indicate a sound and wholesome progress. There is, in truth, nothing forced or factitious in this remarkable growth. The prosperity rests upon the surest of all possible grounds—steady industry and sound morality. At the present rate of progress—and we see nothing that is likely to check it—the population must approach at least an hundred thousand within another 20 years.

PIERSON'S

NEWARK CITY DIRECTORY,

FOR THE

78th YEAR OF AMERICAN INDEPENDENCE,

FROM 4TH JULY, 1853.

*Important observations to those using this Work.*

Throughout this Directory, the Christian names of those where there are more than one of the same surname, are carefully alphabetically arranged, male and female, firms, &c. In searching for a name, the inquirer must know the proper spelling. For example, a person seeking for—Pirsson, will not find the one sought for if he looks in the names of Pierson; so, also, for Bonnell, he should not look among the Bonnells; and for Conger, not in Congar; and for Parcels, not look in Parsals, Parceils, or Parsil; nor for Hays in Hayes.

ADVERTISEMENT.

This, my nineteenth edition of the NEWARK CITY DIRECTORY, comes forth in good and reasonable time, notwithstanding the labor and expense has increased far beyond *all* preceding years. Last year there were 11,100 names, and 44,400 population. This year's number of names and population will be found on the cover, and will, (I think,) reach 48,000, and 12,000 names. I have calculated the population at the ratio of four to a name, which has in *all* cases overrun, for example; in April 1845 there were 5,800 names, which would make 23,200 population; and in the Fall I took the City Census, and found 25,433. In April 1850 there were 9,000 names, which would make 36,000 population; and in the Fall the U. S. census was taken, and there were found 38,894 population. In April 1851 there were 10,000 names, and 40,000 population. In April 1852 there were 11,100 names, and 44,000 population. There have been built the past year, (I estimate,) over 600 buildings of various kinds; and notwithstanding the large number of dwellings erected yearly, there is yet a great scarcity for the rapid increase of the population. There are now in process of erection two churches, viz: the South Park Presbyterian, and Broad Street M. E. Church; both of which are expected to be very large and beautiful. The churches now number 42, which is sufficient to accommodate *all* at 1,000 each.

I gave notice in time concerning advertisements, and for *all* to attend to it in season, so that if anything is wrong or omitted, I am not to blame, and will not be *abused* by any one on that account.

I have added to my map several new streets, viz: Siro Hecker, Actien, Jay, Factory and Nevada; and also letters and figures, E., W., N., S., 5, 6, 7, so that the tion of each ward can be seen at once.

I have employed a good set of canvassers, and if the citizens will take the trouble to give the desired information we will have a perfect DIRECTORY; for I find the great trouble is in sending children and servants to answer the interrogatories, not *one* in *ten* can speak the name of their employers to be understood. And those Ladies who give their names as *widows*, who are *not* widows, must not expect me to send a man to see whether they are in truth widows; this has been done often, and I blamed for it. I have published 1,000 copies this year, which cost me over \$700,00; and I wish *all* to be ready to pay on delivery, with as little delay as possible, in good money. The question now, is **WILL THE CITY OF NEWARK SUSTAIN THE DIRECTORY OR NOT?**

May 16th, 1853.
